

Our Philosophy Of Winning

To be successful, you must win. To win, you must **WORK HARD**.

You must **DEDICATE** yourself to your goals...and **SACRIFICE** to reach them.

You must **ENJOY** what you do...be excited about your activities, about your practices, about your matches. Love the idea of Winning.

You must reach beyond your abilities, recognize that no talent, without **HARD WORK**, can make you a winner. You must be **HONEST** with yourself, and with others. There is no easy road to **SUCCESS**, nor is there a substitute. **YOU DEFINE YOUR OWN SUCCESS**

Treat your body with **RESPECT**. Condition yourself into a finely tuned athletic **MACHINE**.

You must be **LOYAL**...to yourself, your **IDEALS**, and to your **TEAM**.

You must become a **LEADER**, leading yourself first, then leading others by **EXAMPLE**. You must have a complete **MENTAL COMMITMENT**, overcoming any defeats, **RELENTLESSLY PURSUING TOTAL VICTORY**.

You must set your **GOALS**, strive to achieve them, and **EVALUATE** your success or setbacks in order to accomplish more.

YOU ARE RESPONSIBLE for your **SUCCESS**. Learn to expect only the best from yourself – nothing more – **NOTHING LESS**.
