

From the West Point Director of Admissions:

Welcome to the West Point Admissions site! Whether this is your first visit and you're looking for basic information about West Point or you know you want to attend one of the nation's top-ranked colleges known for its premier leadership training, you're sure to find something of interest and value here.

West Point's mission is: "To educate, train, and inspire the Corps of Cadets so that each graduate is a commissioned leader of character committed to the values of 'Duty, Honor, Country' and prepared for a career of professional excellence and service to the nation as an officer in the United States Army."

West Point affords a top-notch education and world-class leadership training, so our graduates have the knowledge and skills necessary to be the effective leaders that Soldiers in America's Army deserve. We seek superb, well-rounded candidates for admission. We evaluate more than just academics; in addition to getting good grades and SAT/ACT scores, the successful candidate also demonstrates leadership ability and physical fitness.

West Point is a highly selective college. If you aspire to have a career as a US Army officer, want an outstanding education that leads to a Bachelor of Science degree, and understand that exceptional leadership training will serve you well for the rest of your life, West Point might be the perfect school for you.

I encourage you to explore this website further and email the Admissions Regional Team from your area of the country if you need more information. If you meet the qualifications and are up for the exciting and challenging West Point Experience, I urge you to apply. You just might become a member of "The Long Gray Line" of West Point graduates.

Colonel Deborah J. McDonald
Director of Admissions
