

DFL Weekly SITREP (18 January 12)

Completed Events

Language Immersion events:

Semester Abroad Program (SAP) – The Arabic section launched its 12-2 semester abroad with seven cadets studying at the Al-Akhawayn University in Ifrane, Morocco and four cadets studying with AMIDEAST in Amman, Jordan. The re-establishment of a fellowship program in Amman is the first military immersion opportunity permitted in Jordan in the last two years. In Morocco, five of the seven cadets recently completed a three-week semester “pre-session” in Rabat where cadets studied Moroccan Dialect and Culture on a daily basis and were able to put their newfound knowledge to use while living with Moroccan families.
