Approved Graduate Schools

As Of: 13 June 2012

On the following page is an alphabetical list of the recommended schools provided to you for guidance in selecting a graduate program. The Group Director has the final say in which school you attend (based upon allocation of low/mid/high tuition authorizations for that given year).

Each school is identified with an associated cost category. **You are required to gain acceptance to at least one low cost school.** This may be determined, in some cases, if you qualify for the in-state tuition rate (low cost). In all cases, check with the school to see if you meet the in-state tuition requirement based upon “**attending while serving on active duty**” clause. Cost Categories for 2012:

Low-cost school (annual tuition < \$20,000) [Fall, Spring, Summer costs < \$20K]

Mid-cost school (annual tuition \$20,001 – \$35,000)

High-cost school (annual tuition > \$35,001 – \$45,000)

*Applicants are encouraged to negotiate their own rate to meet the cost categories above.

**All applicants must enroll in a summer term and include the summer rates in their annual tuition estimate
