FOR IMMEDIATE RELEASE

MILITARY TRAINING CONDUCTED AT WEST POINT – May 19, 2015

WEST POINT, N.Y. – Area residents can expect to hear summer training activities conducted during May, June, July and August on the military installation to include Camp Buckner and Lake Frederick beginning in late May.

Training opportunities for the cadets include infantry operations, artillery firing, weapons training, aviation operations, military engineering projects, training in field communications, demolitions and survival skills techniques.

Noise levels will be sporadic through mid-August with increased activity during specialized training operations in July. Residents can expect to see and hear low-flying helicopters in and around the training and cantonment area in support of cadet summer training with increased activity during Air Assault School June 2-18.

Summer training will not affect authorized users from using the West Point recreation areas but may impact certain fishing and hunting locations.

Training is conducted to simulate the physical and mental challenges cadets will face when they become officers in the U.S. Army.

About West Point
The U. S. Military Academy at West Point is a four-year, co-educational, federal, liberal arts college located 50 miles north of New York City. It was founded in 1802 as America’s first college of engineering and continues today as one of our nation’s premier leader-development institutions, consistently ranked among top colleges in the country. Its mission remains constant—to educate, train, and inspire the Corps of Cadets so that each graduate is a commissioned leader of character committed to the values of Duty, Honor, Country and prepared for a career of professional excellence and service to the nation as an officer in the U. S. Army. For more information, go to www.westpoint.edu.
